We are a company specializing in skin tone convertible dance tights for people of all shades.

Dance is an art form that tells a story to its audience and expresses how the dancer is truly feeling. Body image starts from within…it is a reflection of who you are. Our goal is to allow every dancer to see a true image of themselves when they look in the mirror…this starts with our dancewear. So keep dancing, leaping and pirouetting…Shades of Dance will take care of the rest.
